

LIST OF GROSS SPECIMENS FOR THE EXAM "PATHOMORPHOLOGY"

1. Case №1. Specimen 10. Amyloidosis of the kidney (white kidney).
2. Case №1. Specimen 14. Atherosclerosis of aorta with complication.
3. Case №1. Specimen 18. Hyalinosis of spleen capsule.
4. Case №1. Specimen 39. Gangrene of the lower extremity.
5. Case №1. Specimen 48. Hydrocephalus.
6. Case №2. Specimen 2. Hemorrhage into the suprarenal gland.
7. Case №2. Specimen 11. Thrombosis of the aortic bifurcation with recanalization.
8. Case №2. Specimen 14. Aneurism of the big popliteal vein with thrombosis.
9. Case №2. Specimen 17. Hemorrhage into the cerebellum.
10. Case №2. Specimen 27. Hemorrhage into the lateral ventricles.
11. Case №3. Specimen 2. Fibrous cavernous tuberculosis.
12. Case №3. Specimen 6. Hashimoto's thyroiditis.
13. Case №3. Specimen 12. Pleural empyema.
14. Case №3. Specimen 17. Productive esophagitis.
15. Case №3. Specimen 26. Purulent meningitis with the abscessing.
16. Case №4. Specimen 2. Fibromatous node with secondary changes.
17. Case №4. Specimen 15. Myelogenic retracted kidney.
18. Case №4. Specimen 24. Papillary cystadenocarcinoma of ovary.
19. Case №4. Specimen 33. Melanoma of the skin with ulceration.
20. Case №4. Specimen 40. Lipoma.
21. Case №5. Specimen 2. An ovarian pregnancy.
22. Case №5. Specimen 12. Craniotomy in premature birth.
23. Case №5. Specimen 23. Tubal pregnancy.
24. Case №5. Specimen 34. Multiple congenital malformations, fetal maceration.
25. Case №5. Specimen 38. Subarachnoid hemorrhage in the brain.
26. Case №6. Specimen 1. Prostate adenoma.
27. Case №6. Specimen 7. Krukenberg ovary cancer.
28. Case №6. Specimen 9. Serous ovarian cyst malignisation.
29. Case №6. Specimen 16. Ovary thecoma.
30. Case №6. Specimen 25. Paget's disease.
31. Case №7. Specimen 5. Concentric myocardial hypertrophy (compensatory, tonogenous).
32. Case №7. Specimen 10. Leriche syndrome.
33. Case №7. Specimen 26. Hemorrhagic pneumonia.
34. Case №7. Specimen 37. Cor pulmonale.
35. Case №7. Specimen 39. Tuberculosis of the kidney.
36. Case №8. Specimen 7. Secondary contracted kidney.
37. Case №8. Specimen 17. Cancer metastasis into the kidney.
38. Case №8. Specimen 22. Cyanotic induration of the kidney.
39. Case №8. Specimen 36. Kidney cancer.
40. Case №8. Specimen 37. Urolithiasis complicated by hydronephrosis.
41. Case №9. Specimen 1. Chronic gastric ulcer with malignisation and bleeding.
42. Case №9. Specimen 4. Patellate stomach cancer.
43. Case №9. Specimen 20. Peritoneal carcinomatosis.
44. Case №9. Specimen 24. Stomach cancer (scirrhoma).
45. Case №9. Specimen 29. Fungoid stomach cancer.
46. Case №10. Specimen 6. Empyema of the gallbladder on the background of cholelithiasis.
47. Case №10. Specimen 8. Pancreatic cancer with metastases in the spleen.
48. Case №10. Specimen 12. Metastasis of gastric cancer to the liver.
49. Case №10. Specimen 18. Splenomegaly.
50. Case №10. Specimen 22. Alcoholic hepatic fibrosis.
